IRS LOCK-IN LETTERS AND EAR PROCESSING

A lock-in determination letter results when the IRS determines that the amount of income tax withheld from the employee's pay will not adequately cover the employee's tax liability as required by IRS Code Section 3402.

The lock-in determination letter mandates the federal and state marital filing status and maximum number of total allowances that can be claimed by the employee. IRS, via the lock-in determination letter, requires the employer to initiate and maintain corrective measures until otherwise instructed in writing by the IRS.

An employer's failure to comply with a lock-in determination poses significant consequences. The employer is subject to civil and criminal penalties per IRC 6672 and IRC 7202. Compliance penalties may include the employer paying all taxes due, felony conviction with up to five years imprisonment, and personal fines up to \$10,000 per occurrence plus payment for the costs of prosecution.

The IRS practice is to send an employer lock-in letter and the employee's lock-in letter with related attachments to the employer. For state employees, the letters are sent to the State Controller's Office who is the tax-reporting agent for state agencies. The State Controller's Office will forward the entire employee package to the employing agency. It is the agency's responsibility to forward the employee's lock-in letter with attachments to the employee immediately. The employee has 30 calendar days from the date of the lock-in letter to contact the IRS regarding her/his tax status.

For an employee who has transferred to another state agency, forward the entire IRS Lock-In letter transmittal package to the employee's new employing agency. If the employee has separated from state service, notify the IRS in writing that the employee is no longer employed by the State of California.

The IRS requires that the mandated filing status and allowances be implemented 60 calendar days from the date of letter. PPSD Personnel Operations will process an E03 EAR transaction on the appropriate date to implement the lock-in on the employee's employment history record. The lock will remain in effect even if the employee separates and later returns. The lock will only be changed or eliminated per a new directive from IRS.

The E03 EAR transaction updates a field titled "LOCK" on the employee's employment history EAR record. PPSD updates the EAR "LOCK", "FEDERAL: MARITAL", "FEDERAL: TOTAL", "SPECIAL: MARITAL", and "SPECIAL: REG" fields per the IRS lock-in determination letters. Any exempt from withholding / non-taxable wages indicator is also deleted; however any federal and state additional tax deduction amount continues. The values in the "LOCK" field are displayed on the EAR screen and cannot be altered by agencies.

When an IRS mandated lock-in is in effect, the only authorized withholding changes allowed are those which result in an equal or greater withholding amount than the amount generated by the lock-in values.

5.105 (Revised 05/10)

IRS LOCK-IN LETTERS AND EAR PROCESSING (Cont.)

A new EAR cannot be accepted if the employee is claiming exempt status or a filing status and allowances that result in a withholding amount that is less than the amount generated by the status and allowances displayed in the EAR "LOCK" field. If no lock is in place, "00" will display in the EAR "LOCK" field.

Only PPSD can key tax withholding changes for employees with an IRS Lock. If an IRS Lock is in place, attempts by departments to key federal or state tax withholding changes will result in the audit message "IRS LOCK IN EFFECT – SUBMIT DOCUMENT TO PPSD FOR PROCESSING". This audit message cannot be overridden. To make withholding changes for an employee with an IRS Lock submit the STD. 686 document to PPSD for processing.

The online paycheck calculator available on the State Controller's Office website at <http://www.sco.ca.gov/ppsd/empinfo/calc/paycalc.shtml> can assist with tax calculations. Please be sure to use the appropriate version for the current tax year.
